GALAXY SUPPLIES

Basic range of anti set-off powder, filters and gloves

Anti set-off powders

Galaxy Powder Special Coated are micro-encapsulated with a slip agent which enhances the powder, increasing its hydrophobic properties. They repel water and are attracted to the ink's surface, giving better 'set-off' protection and increased mileage.

Galaxy Powder Ultimo comply with the requirements for low-dust print spray powders and has been included in the 'List of Recommended Low-Dust Spray Powders' of the BG ETEM Branchenverwaltung Druck und Papierverarbeitung

Also available from stock: KSL Anti set-off Powder and others.

Product	Corn size	Labels and coated Print substrates	Imagery print paper	Coated card-boards

Underlay carton & foils

PrintCare U-Pack

PrintCare U-PACK Calibrated Underpacking Paper (Cardboard). Accurately calibrated underpacking sheets, impregnated against humidity for offset printing presses.

PrintCare Polyfoil (SKL)

PrintCare Polyfoil (SKL) is a new (self-adhesive) underpacking foil. Corrosion-inhibiting additives in our PrintCare underpacking foil protect the cylinder surface. The foil can be removed quickly and cleanly with very little cleaning effort.

PrintCare U-Pack and PrintCare Polyfoil (SKL) are available in all common press sizes and thicknesses.

Head Office & Liquid Plant - Uitgeest, the Netherlands

AtéCé Graphic Products

Based in the Netherlands, AtéCé Graphic Products is a leading manufacturer of a wide range of graphics consumables. AtéCé exports to more than 120 countries around the world via an extensive network of distributors.

EU Distribution Centre - Alkmaar, the Netherlands

Producer

Since 1977, AtéCé has been a producer of, among other things, pressroom chemicals, dispersion and UV coatings and printing inks. AtéCé makes up rubber blankets, stripping plates and washcloth rolls in-house. The production sites are located in the Netherlands, in Uitgeest and Alkmaar. The various products are brought to market under its own brand names, as well as under private labels or as an OEM product.

Distributors

AtéCé has a strong global network of distributors. Quality is an important trademark. As one of the few independent players in the market, AtéCé has a large degree of autonomy. AtéCé is a family business, this guarantees total engagement, accessibility and continuity.

MANUFACTURER
SINCE 1977

Converting & Distribution Centre - Alkmaar, the Netherlands

Ink duct foils

We have Galaxy ink duct foils for Heidelberg, Komori, KBA and other press manufacturers. These foils are precision formed for exact ink train fit, have a consistent thickness and are available for conventional (190 µm) and UV (250 µm) inks.
